Extended Collection Properties

The Extended Collection properties will show you what characteristics will be used for each collection and when all or multiple collections are selected in the LUNA Viewer.

ⓘ Within the current version, this work needs to be done using SQL queries on the database. Following are these queries.

Site level characteristics

Site level characteristics are identified in the column called Collection were the values are (-1) and (All Collections) . This is where you can edit the Collection Description, Theme (default or blue), Header Graphic and the Default Group you see on the Luna Viewer when you have more than one collection selected or are looking at all collections.

Change the Theme to blue or default

```
delete from EXTENDEDCOLLECTIONPROPERTIES  where collectionid is NULL;
delete from EXTENDEDCOLLECTIONPROPERTIES  where collectionid='';

update EXTENDEDCOLLECTIONPROPERTIES set THEME='blue' where COLLECTIONID='All Collections';
update EXTENDEDCOLLECTIONPROPERTIES set THEME='blue' where COLLECTIONID='-1';
```

Change the Header Graphic URL

```
delete from EXTENDEDCOLLECTIONPROPERTIES  where collectionid is NULL;
delete from EXTENDEDCOLLECTIONPROPERTIES  where collectionid='';

update EXTENDEDCOLLECTIONPROPERTIES set HEADERGRAPHICURL='http://www.example.com/graphics/revisedHeader2000.
jpg' where COLLECTIONID='All Collections';
update EXTENDEDCOLLECTIONPROPERTIES set HEADERGRAPHICURL='http://www.example.com/graphics/revisedHeader2000.
jpg' where COLLECTIONID='-1';
```

Change the Description text

```
delete from EXTENDEDCOLLECTIONPROPERTIES  where collectionid is NULL;
delete from EXTENDEDCOLLECTIONPROPERTIES  where collectionid='';

update EXTENDEDCOLLECTIONPROPERTIES set INTRODUCTIONTEXT='This is the site level description' where
COLLECTIONID='All Collections';
update EXTENDEDCOLLECTIONPROPERTIES set INTRODUCTIONTEXT='This is the site level description' where
COLLECTIONID='-1';
```

Change the Default Group

```
delete from EXTENDEDCOLLECTIONPROPERTIES  where collectionid is NULL;
delete from EXTENDEDCOLLECTIONPROPERTIES  where collectionid='';

update EXTENDEDCOLLECTIONPROPERTIES set DEFAULTGROUPID='7' where COLLECTIONID='All Collections';
update EXTENDEDCOLLECTIONPROPERTIES set DEFAULTGROUPID='7' where COLLECTIONID='-1';
```

Edit Selected

Search:

Collection ▲	Collection Description ⇕	Home Graphic URL ⇕	Header Graphic URL ⇕	Default Media Group ID ⇕
(-1)			/luna/images/luna-default-header.jpg	0
(All Collections)	This is a description of all the collections I have. This is the description you will see in the Viewer when looking at All Collections (no collection selected yet). This is where you can change the description if you like.		/luna/images/luna-default-header.jpg	0
collection 1 (SamsTest~1~1)	sams test 1			0
Dryden Historical Images (NVA2~74~74)	Airplanes and rockets! Ohhh my!		http://192.168.21.182:8181/graphics/luna-default-header.jpg	0
Earth Observatory Collection (nasaNAS~10~10)	Planets and stars!		http://192.168.21.182:8181/graphics/luna-default-header.jpg	0
samslib (samsam~1~1)	sams brief desc		http://192.168.21.182:8181/graphics/luna-default-header.jpg	0
