

LUNA 7.1.0.3 Release Notes

LUNA 7.1.0.3 is a minor release that includes the following bug fixes:

- Fixed a bug to support MySQL 5.6 for migration.
- Fixed a bug in which the delete permission for Media Items was not being respected in the Uploader when deleting a batch.
- Fixed a bug whereby deleting a field in the Collection Manager did not remove it from the Viewer 's Title selection, Thumbnail Label and Media Summary.
